

Ability Power[®]

Ability Power provides USB Power Delivery to tablets attached to powered wheelchairs from the wheelchair's batteries. Supported devices include the A13J, iPad Pro, Surface Pro, and any device that supports USB power delivery. Ability Power has two charge ports, a 60 watt tablet port and a 15 watt phone port. This provides 7x24 power, does not significantly affect the wheelchair's battery life. This reduces care giver burden to keep multiple devices charged.

Product Code: APR

MSRP: \$1,260
